Hi Randy,

Thanks for the heads-up. As you may have noticed by now, Haystack No. 1 is being funded by Navajo AoA. Please work with Will to identify the amount (I have all the accounting info so just need the amount) of Navajo AoA that you will like on START 4 so we can cover the additional work. I will also need a CPW and a revised IGCE. Let me know if you have any questions.

Thanks,

**Ramon D. Albizu, START 4 PO (Contract-Level COR) / RTFL**

Ramon,

After all this time, it looks as if I will need to amend the Haystack no 1 TDD for additional

scope and funds. I don't have the full scope yet, but a few additional site walks and some technical conversations with the PRP are expected to take place over the next few months. At this point, this email will serve as a heads up. I will provide an updated scope and funding request as well as engage START and request an updated CPW next week.

Thanks,

All,

Attached please find the START 4 TDD weekly report. As always, note that this report has a one week lag so the following TDD actions will captured by the next weekly.
